16:24:35 01/23/2025 - Macdonald, B
BWC ACTIVE DURING INCIDENT

On 1/23/25 at approximately 1431 hours, I was dispatched to Pine and State Route 35 for a reported motor vehicle accident, hit and run. While en route dispatch advised that the vehicle fled into Red Bank and provided a license plate of NJ S21NAR. While checking the area, dispatch advised the vehicle fled the location was reentering into Middletown. I then observed the vehicle in the area of State Route 35 near Navesink River Rd. As I was following the vehicle I observed the vehicle fail to maintain its lane of travel in violation of 39:4-88.

I then activated my emergency lights and conducted a motor vehicle stop on NJ reg S21NAR. Upon approaching the vehicle on the passenger side I made contact with Kimberly Mancision. Mrs. Mancision was looking forward, upon her looking at me I observed that makeup was in clumps all over her face. Mrs. Mancision spoke slowly and low, she fumbled with her paperwork. She handed me a packet which I advised I only needed the registration and insurance from the packet as well as a driver license. At that time she advised me that she did not have a valid drivers license. I then asked Mancision to move her vehicle over to the next side street for a safer location to complete the motor vehicle stop.

Mancision then moved her vehicle onto Frost Avenue. I then made contact with Mancision again who was still searching for identification. She then provided me with her birth certificate. I then asked where she was coming from which she informed me she was coming from Long Branch en route to Middletown Medical which is located at Apple Farm Rd and State Route 35. The accident occurred on State Route 35 and Pine St South, which is going away from Middletown Medical.

I then asked Mancision about the motor vehicle accident which she advised that she did in fact get into the accident but advised that it was just a little tap. I then asked Mancision to exit her vehicle to speak with me. Upon exiting the vehicle Mancision had difficulty standing still and was swaying side to side. I then asked her to the rear of her vehicle and onto the side walk. While there I continued our conversation. While speaking with Mancision she was slurring her words and speaking slowly. I observed that she had a small piece of red candy in her hair. While speaking I observed that her mouth was filled with spit and as her lips separated spit attached to her top and bottom lips. Mancision's eye lids were droopy and she had difficulty keeping her eyes open fully.

I then advised Mancision that I would be performing the standardized field sobriety test on her. Mancision advised me that she had no issues with her eyes and she does not wear contacts. She further advised me that she has no issues walking or turning including doing simple task similar to that.

I then conducted the horizontal gaze nystagmus test on Mancision. I checked for equal tracking and pupil size which I observed in both eyes. I then checked for lack of smooth pursuit in both eyes, this test was positive for lack of smooth pursuit in both eyes. I then checked for nystagmus at maximum deviation in both eyes which I observed in both eyes. I then checked for the onset of nystagmus prior to 45 degrees which I observed in both eyes. I then checked for vertical nystagmus in both eyes which I did not observe.

Ptl. Barry then arrived on location as the investigating officer of the motor vehicle accident requested to speak with Mancision. At the conclusion of their conversation I administered the walk and turn test. I then placed Mancision into the starting position and advised her not to be until instructed to being. I then explained to Mancision how the walk and turn test was to be completed. I then demonstrated to Mancision how the walk and turn test was to be completed. I then asked Mancision if she understood the direction of

the test which she advised me she did. I then asked Mancision if she had any questions about the test which she advised me she did not. I then instructed Mancision to being the test.

Prior to being instructed to being the test Mancision fell out of the starting position, Mancision stopped during the test on steps 1,3,5,6,7,9 in order to steady herself, steps 1,3,4,7 she did not touch heel to toe, steps 1,3,5,6,7,9 she stepped off to the side of the line losing her balance, both arms were raised out to the side for balance, during the turn she lifted both feet not as instructed. I then stopped the test for the safety of Mancision due to her being unable to complete the test.

At that time I determined it was not safe for Mancision to perform standardized field sobriety test for her safety. Mancision was then placed under arrest for 39:4-50 and placed into handcuffs double locked. Mancision was then secured into Ptl. Shannon's vehicle for transport to headquarters.

A search of Mancision for intoxicants was negative. Mancision vehicle was towed in accordance to John's Law.

Upon arrival of headquarters I began the processing period. I then read the standard statement form which Mancision agreed to provide samples of her breath. I then conducted the mandatory 20 minute observation period. At the competition of the mandatory 20 minute observation period I conducted the ALCOTEST9510. Mancision provided two good breath samples which resulted in a 0.00% BAC. After each breath sample a new mouthpiece was used. I then requested a DRE to respond.

Ptl. Libre arrived on location and performed his DRE evaluation see his report for further.

At the completion of the DRE evaluation I asked for consent of Mancision urine which she granted. Mancision was read the consent form which she agreed to and signed. Ptl. McQuade collected the urine sample from Mancision. The urine sample was placed into evidence and secured in the evidence fridge.

Mancision received multiple traffic summons from Ptl. Barry and myself with a future mandatory Middletown Township Municipal Court date.

Ptl. B. Macdonald #374

Supplement

07:54:17 01/24/2025 - Lanfranco, Ad

This incident was captured on BWC.

On 01/24/25 at approximately 0700 hours, I Ptl. Lanfranco #412 responded to Middletown Police Headquarters for a transport. It should be noted that Mancision was arrested at 1431 hours.

I then transported Kimberly Mancision back to her apartment at 325 Ocean Blvd, Long Branch NJ. Mancision was transported without incident.

Nothing further at this time.

Ptl. Lanfranco #412

Supplement

08:45:40 02/05/2025 - Librie, D

THIS INCIDENT WAS CAPTURED ON MY BWC.

On 1/23/2025, I, Ptl. Librie #397, responded to Middletown Township Police Headquarters for a DRE evaluation. See facesheet and narrative for further information.
